

# JOSÉ EMANUEL NAVA NAVA

## COMPUTER SYSTEMS ENGINEER

(656) 307 2806

josenavaemmanuel@outlook.es

Cd. Juarez, Chih, México 32380

I am a proactive and responsible individual with excellent skills in establishing and maintaining team and interpersonal relationships. My life experiences have allowed me to develop a strong set of skills, particularly excelling in my ability to work efficiently within a team, make quick decisions, and effectively manage situations under pressure.

## WORK EXPERIENCE

### Technical Support

**ITCJ, January 2022 - June 2022**

Due to the school's requirement to perform service, I worked as a computer technician and assisted the systems department with any issues.

### Professional Internship

**ITCJ, February 2023 - August 2023**

This is currently my greatest achievement, as I developed a system for the graduation department of my school. My project team and I created a web-based system to enhance the graduation process efficiency for candidates who decide to initiate their graduation procedures.

### Web Applications Developer

**Foxconn CTBG Juarez, August 2023 - February 2024**

I have recently successfully completed my professional internship as a software developer, significantly strengthening my work experience in this field. I have acquired solid skills through the dynamic and challenging tasks inherent in this domain, thereby consolidating my knowledge and capacity to tackle software development projects.

### Freelancer Back End & Front End

**March 2024 - Present**

Currently, I have been engaging in medium-sized projects where I apply everything I have learned both from my academic background and my professional internships. The goal is to adapt to new technologies and update my knowledge base, preparing myself independently for emerging technologies.

## EDUCATION

**2018 - 2024**

**ITCJ**

Computer Systems Engineer

**2015 - 2018**

**Colegio De bachilleres Del Estado  
De Chihuahua, Plantel No. 5**

Preparatory School
